

Governance

Nix and NixOS are built by its community.

RFC Process

The "RFC" (request for comments) process is intended to provide a consistent and controlled path for new features to enter the Nix language, packages and OS, so that all community can be confident about the direction the ecosystem is evolving in.

NixOS Foundation

The mission!

The mission of the foundation is to support the Nix ecosystem's infrastructure, and projects implementing the purely functional deployment model.

In particular, the foundation supports Nix, Nixpkgs, NixOS, and operates:

- cache.nixos.org - the NixOS binary cache, containing over 120TB of prebuilt Nix packages.
- hydra.nixos.org - a Nix build farm, consisting of hundreds of macOS, x86-64 (Linux) and aarch64 (Linux) build cores. Hydra executes over 350,000 builds each week.

The NixOS Foundation is a registered non-profit organisation at the Chamber of commerce (Kamer van Koophandel) in Utrecht, The Netherlands. The KvK number is 63520583.

Board members:

- **Eelco Dolstra** - Chairman
- **Armijn Hemel** - Secretary
- **Rob Vermaas** - Treasurer
